flicker without the flame®

# Flameless Candles

Beautifully designed candles for all of your flameless needs.

Smart Candle® uses intelligent electronics and LEDs to generate a long-lasting, natural flickering light that perfectly simulates a wax candle flame. Our products were designed to be practical, simple and elegant. They are an affordable way to add a memorable touch around your home without dangerous flames and hot wax.

flicker without the flame®

# Original 4 and 12 Pack

## Flameless Votives with Glass Holder Sets

rechargeable

up to

**10**  
hours

(from a 10 hour charge)  
(NiMH battery)

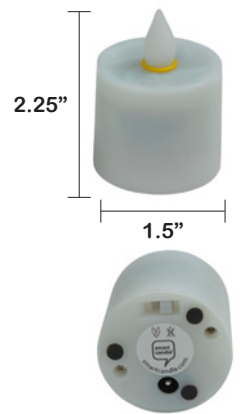

The set that started it all! Our Original system has changed a bit since we started up in 2004, but the core components and quality remains. The Original candles charge fully within (10) hours and will run for (10) hours with a lifetime per candle of approximately 6,000 hours. We've also included our frosted glass holders giving you everything you need to get started. A great value for a great product that made us what we are today.

- Available in 4 or 12 pack
- Includes 2" x 4.75" Cafe white frosted glass holders
- Amber LED color only
- 90 Day Limited Warranty

# Wired 6 Pack

## Flameless Low Volt Candle System

3-STAGE TIMER  
8, 12, or 16 Hour

Our wired low volt system makes it easy to utilize non-traditional spaces for instant ambience using a standard wall outlet. You can use any of the three built in timer settings or you can manually shut the system on and off. The LED technology makes the system incredibly energy efficient. No batteries, no charging, just years of simple use.

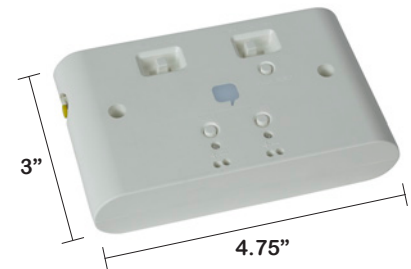

### Candles and Power Pods:

- Can be set to flicker or static mode
- LED lifetime is 120,000 hours
- Pod has screw type cable connections
- Pod has system overload/short circuit protection

### Power Control Box:

- Mode switch: timer/off/continuous
- Timer switch: 8 hr, 12 hr and 16 hr
- Overload indicator and reset button

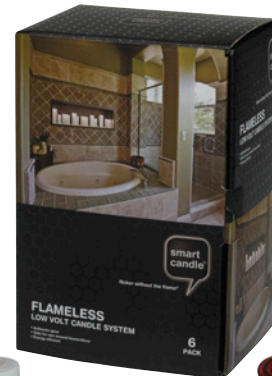

### Power Adaptor:

- CE and UL listed
- In-line overload protection
- 3.5A output/2A input

### Wire:

- 25 feet of wire for every 6 candles
- Wire can be cut to size for desired width between candles
